

2012 Hazardous Materials Transportation Classes for Aviation Industry Shippers –Registration Form

All classes meet the training requirements established under Title 49 of the U.S. C.F.R. for shipment by air. We train to the IATA Dangerous Goods Regulations (conforms to the ICAO Technical Instructions). Those who successfully complete this course will receive a certificate of training (suitable for framing) and a record of training to be placed in the employee's file (meets government recordkeeping requirements).

The cost of the course includes all books and materials.

A discount applies to members (and employees of member companies) of the participating trade associations. If we receive your registration on or before the early registration date the course will cost \$625 for trade association members and \$750 for non-members. If we receive your registration after the early registration date (normal registration) the course will cost \$750 for trade association members and \$800 for non-members. For late registration, please call us directly to make sure that we can ship the books and accommodate you.

1. Names of Students Expected to Attend the Class (More than four? Use an attachment sheet!):

By signing this form, you are entering into a contract to pay for training. You are liable for the amount even if you do not send someone to the training class. Any payment disputes will be settled under the laws of, and in a court located in, the District of Columbia, and if it becomes necessary to use the legal system to obtain payment under this agreement, the losing party will pay the prevailing party's costs and attorneys fees (including standard hourly fees of in-house counsel). If fewer than six persons register for the training class as of two weeks before the class, it may be rescheduled at the discretion of the Washington Aviation Group. If rescheduled, you will be contacted for your input into convenient rescheduling times.
